

ACID PLUS 15

Physical Properties

Property	Typical Value
Appearance	Liquid
Specific Gravity	1.08
pH	1-2

Available sizes

20 L, 1000 L

Introduction

Acid Plus 15 is a formulation designed to enhance the efficacy of herbicides during pre-burn and desiccation applications.

Suggested application rates & method

Apply at rate of 0.75L to 1L per acre (0.3L to 0.4L per hectare) and adjust herbicide dose as needed. ACID PLUS 15 is not for use on in-crop sprays. It can only be used with pre-burn and desiccation.

Special notes

- Check compatibility before combining with other products.
- Incompatibilities: Strong Bases, Strong Oxidizers, Reducing Agents, and metals such as Aluminum, Copper, and Zinc.

Consult an agronomist or crop specialist for best advice based on local farm conditions.

Precautionary statements

Keep out of reach of children and animals. May cause mild skin Irritation. Causes serious eye irritation. Wear personal protective clothing and equipment. Wash thoroughly after handling.

IF SWALLOWED: Rinse mouth. IF ON SKIN: Gently wash with soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, seek medical attention.

Storage & disposal

Keep in a tightly closed container, stored in a cool, dry, ventilated area. Store out of direct sunlight. Keep away from sources of ignition. Protect against physical damage. Dispose of contents/container in accordance with local/regional/national/international regulations.
