# SEED CAKE PELLETS 6-1-1

## Chemical composition

Component	Typical Analysis (%)
Total Nitrogen (N)	6% (min)
Total Phosphoric acid (P <sub>2</sub> O <sub>5</sub> )	1% (min)
Available Phosphoric acid (P <sub>2</sub> O <sub>5</sub> )	1% (min)
Soluble Potash (K <sub>2</sub> O)	1% (min)
Calcium (Ca)	2%(min)
Magnesium (Mg)	0.5%(min)
Sulphur (S)	0.5%(min)
Iron (Fe)	0.46%
Copper (Cu)	34 ppm
Zinc (Zn)	80 ppm
Manganese (Mn)	0.02%
Boron (B)	9ppm
Organic Matter	76% (min)

## Physical Properties

Property	Typical Value
Appearance	Dark brown
Moisture	9% Max
Bulk Density	720 kg/m <sup>3</sup> (45lb/ft <sup>3</sup> )
pH	5.5

**Available sizes: 20 Kg**

## Introduction

This product is derived from oil seed residue. It nourishes and aerates soils while improving its quality. It is an effective plant based "Green Fertilizer". It encourages growth of beneficial organisms such as fungi, bacteria, earthworms etc. Its an ideal natural supplement for use in indoor and outdoor growing.

## Suggested application rates & method

- Use as a top-dress around plants or work into the soil at a rate of 25 lbs/1,000 ft<sup>2</sup>. Water thoroughly after application.
- In substrates use 1-1.5kg/yd<sup>3</sup> for all crops.
- Use in accordance with the recommendations of a qualified individual or institution or according to an approved nutrient management plan. As a soil supplement, rate variations should be considered as result of soil conditions. Soil tests should be completed first to apply the correct rate for agronomic conditions. Product may be used in fertilizer blending operations.

## Precautionary statements

Keep out of reach of children. Wear protective gloves/protective clothing/eye protection. Wash skin thoroughly after handling.

## Storage

Store in its original package. Keep in a cool dry place, out of reach of children, pets, and livestock. Dispose of contents in accordance with all applicable local, provincial, and federal regulations.

## Organic statements

Approved for use in organic agriculture by Pro-Cert. Products may also be restricted by usage annotations (listed on the ViviGro Certificate) and must be followed when applying the substance as part of an Organic System Plan.

This information is presented as general guidelines only. It is recommended that the user consult with an agronomist for appropriate application rate. ViviGro disclaims any responsibility or liability for any loss or damage that may occur from any reliance on, or other use of, the above information with respect to the product.
