

SEED CAKE POWDER 3-0-0

Chemical composition

Component	Typical Analysis (%)
Total Nitrogen (N)	3% (min)
Calcium (Ca)	0.7% (min)
Magnesium (Mg)	0.2% (min)
Sulphur (S)	0.2% (min)
Iron (Fe)	0.06%
Manganese (Mn)	0.005%
Zinc (Zn)	0.004%
Copper (Cu)	0.001%
Boron (B)	0.002%
Organic carbon	50% (min)

Physical Properties

Property	Typical Value
Appearance	Light brown color powder
Moisture	9%(max)
Bulk Density	685 kg/m ³ (42.7 Lb/ft ³)
Solubility in water	Insoluble
pH (10% solution)	5.74

Available sizes: 20 Kg, 25Kg, 900 Kg, Bulk

Introduction

This product is derived from oil seed residue. It nourishes and aerates soils while improving its quality. Formula is rich in minerals and nitrogen. It is an effective plant based "Green Fertilizer". It encourages growth of beneficial organisms such as fungi, bacteria, earthworms etc. Its an ideal natural supplement for use in indoor and outdoor growing.

Suggested application rates & method

- Use as a top-dress around plants or work into the soil at a rate of 25 lbs/1,000 ft² (12.2kg/100m²). Water thoroughly after application.
- In substrates use 1-1.5kg/yd³ for all crops.
- Use in accordance with the recommendations of a qualified individual or institution or according to an approved nutrient management plan. As a soil supplement, rate variations should be considered as result of soil conditions. Soil tests should be completed first to apply the correct rate for agronomic conditions. Product may be used in fertilizer blending operations.

Precautionary statements

Not hazardous under normal conditions. May cause eye irritation. Wear protective gloves/protective clothing/eye protection.

Storage

Store in its original package. Keep away from strong oxidizing agents, sources of ignition and open flames. Keep in a cool dry place, out of reach of children, pets, and livestock. Dispose of contents in accordance with all applicable local, provincial, and federal regulations

Organic statements

Approved for use in organic agriculture by Pro-Cert. Products may also be restricted by usage annotations (listed on the ViviGro Certificate) and must be followed when applying the substance as part of an Organic System Plan.
