

VIVI BONE PLUS 0-12-0

Chemical composition

Component	Typical Analysis
Total Phosphoric Acid (P ₂ O ₅)	17% (min)
Available Phosphoric Acid (P ₂ O ₅)	12% (min)
Soluble Potash(K ₂ O)	0-0.5%
Calcium (Ca)	18% (min)
Magnesium (Mg)	0.8% (min)
Sulphur (S)	1% (min)
Iron (Fe)	0.05%
Copper (Cu)	0.001%
Zinc (Zn)	0.007%
Manganese (Mn)	0.012%
Organic Matter	30% (min)
Moisture	<4%

Physical Properties

Property	Typical value
Appearance	Granular
Bulk Density	929 Kg/m ³ (58 lb/ ft ³)

Available sizes: 25 Kg, 1000 Kg, Bulk

Introduction

Vivi Bone Plus is highly specialized formulation made through extensive sterilization and processing of Bone Meal and naturally occurring mined Calcium. Bone contains high quantities of phosphorous and calcium which are vital for robust rooting. Highly available form of phosphorous in Vivi bone plus gives an immediate boost in rooting, unlike other raw and unprocessed forms of phosphorous. It is guaranteed to supply phosphorous throughout growing season of the crop.

Suggested application rates & method

Commercial Use:

- Root Crops & other crops requiring broadcast application: Use 300-600 lb/acre, depending upon phosphate level in soil.
- Row Crops: Use 100-200 lb in furrow with seed depending upon Phosphate level in soil.

Residential and Small-Scale Use:

- Use 3-6 lb/ 100 ft²
- Use 5-8 gram per gallon of growing medium [1-1.5 tsp]
- Composting or pre-mix in soil: Use 4-8 lb/ yd³

Special notes

Use in accordance with the recommendations of a qualified individual or institution or according to an approved nutrient management plan. Consult a professional agronomist for long term management planning or contact our office for specific applications as needed.

Storage

Store in its original package in a cool dry place, away from reach of children and animals. Follow directions for fertilizer storage and disposal as per local guidelines, provincial and federal regulations.

Precautionary statements

Wear protective gloves, eye or face protection, and protective clothing. Do not eat, drink, or smoke when using this product. Wash hands thoroughly after handling.

Organic statements

Approved for use in organic agriculture by Pro-Cert. Products may also be restricted by usage annotations (listed on the ViviGro Certificate) and must be followed when applying the substance as part of an Organic System Plan.
