VIVI TURF STARTER 3-10-8

Liquid Blend

VIVI TURF STARTER is suitable for newly seeded or sodded lawns and over-seeding existing lawns. This high rooting formula is created using various organic materials. Additionally, it contains some essential synthetic fertilizers to boost nutrient levels. Its heavily organic-based nature not only provides a strong organic environment in the root zone, but also provides longer nutrient retention and enhanced microbial activity. Its formulation provides less leaching and prevents minerals from reacting and getting tied up in soils.

Suggested Application Rates & Method

General application rates:

- Use at 1.25-1.5 EC level. Application rate will vary depending on soil conditions.
- For one time application use 2-3 Liters per acre
- Consult an agronomist for application rates based on soil conditions.

Special Notes

- Product is not designed for foliar applications.
- Rinse the lines after use.
- Consult an agronomist or crop consultant for best advice based on local farm conditions.
- Perform a standard “jar test” to check compatibility with other products before mixing.

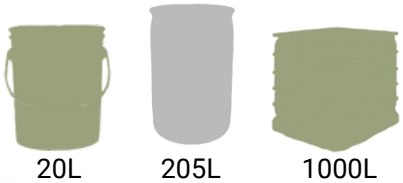
Precautionary Statement

Causes serious eye irritation. If in eyes, rinse cautiously with water for several minutes. If eye irritation persists, seek medical attention. Wear protective gloves/protective clothing/eye protection/face protection.

Storage & Disposal

Keep in a cool dry place, out of direct sunlight, and of reach of children, pets, and livestock. Follow directions for fertilizer storage as per local guidelines. Recycle the package in accordance with local, provincial, and federal regulations.

Available Sizes



20L 205L 1000L

Chemical Composition

Component	Typical Analysis
Total Nitrogen (N)	3%
Phosphoric Acid (P_2O_5)	10%
Potash	8%

Physical Properties

Property	Typical Value
Appearance	Liquid
Specific Gravity	1.033
pH	5.88
