SEED CAKE PELLETS 6-1-1

Soil Amendment

This product is derived from oil seed residue. It nourishes and aerates soils while improving its quality. It is an effective plant based "Green Fertilizer"/ It encourages growth of beneficial organisms such as fungi, bacteria, earthworms etc. It's an ideal natural supplement for use in indoor and outdoor growing.

Suggested Application Rates & Method

- Use as a top-dress around plants or work into the soil at a rate of 25 lbs/1,000 ft². Water thoroughly after application. In substrates use 1-1.5kg/yd³ for all crops.
- Use in accordance with the recommendations of a qualified individual or institution or according to an approved nutrient management plan. As a soil supplement, rate variations should be considered as result of soil conditions. Soil tests should be completed first to apply the correct rate for agronomic conditions.
- Product may be used in fertilizer blending operations.

Precautionary Statement

Keep out of reach of children. Wear protective gloves/protective clothing/ eye protection. Wash skin thoroughly after handling.

Storage & Disposal

Store in its original package. Keep in a cool dry place, out of reach of children, pets, and livestock. Dispose of contents in accordance with all applicable local, provincial, and federal regulations.

Chemical Composition

Component	Typical Analysis
Total Nitrogen (N)	6%
Total Phosphoric Acid (P_2O_5)	1%
Available Phosphoric Acid (P_2O_5)	1%
Soluble Potash (K_2O)	1%
Calcium (Ca)	2%
Magnesium (Mg)	0.5%
Sulphur (S)	0.5%
Iron (Fe)	0.46%
Copper (Cu)	34 ppm
Zinc (Zn)	80 ppm
Manganese (Mn)	0.02%
Boron (B)	9 ppm
Organic Matter	76%

Physical Properties

Property	Typical Value
Appearance	Dark brown
Bulk Density	720 kg/m³ (45lb/ft³)
pH	5.5
Moisture	9% max

Available Sizes

25kg
